

Dan Rizzo

FOR MAYOR

RIZZO WILL BRING JOBS AND DEVELOPMENT TO REVERE

Recently I met with stakeholders and professional planners to discuss creating an Economic Development Fund which would help to attract more companies to Revere. The fund will be public private partnership in which we will infuse revenue into High Tech, Low Tech, and Manufacturing companies, who will in turn provide good paying jobs to the people of Revere.

As Mayor I plan to to implement innovative development strategies in order to bring good paying jobs to Revere residents while also helping to relieve rising residential tax rates.

Paid for by the Committee to Elect
