

Dan Rizzo

FOR MAYOR

A STRONG ADVOCATE FOR OUR SENIORS

Recently I visited the East Boston Neighborhood Health Center and discussed the Elder Service Plan (ESP) program. The Elder Service Plan enables elders to continue to live at home, rather than in a nursing facility, by providing an array of services.

Our elderly citizens are in dire need of these resources. **I want to see how the Center and the City of Revere can work together to bring these health care options to our city's elderly residents.**
